### **Fatal Michael Palmer**

Fatal by Michael Palmer is a fascinating and well written medical thriller (the author is a doctor himself!). The United States is on the verge of creating the ultimate vaccination that will immunize a person from 30 known illnesses/diseases and what have you.

Fatal by Michael Palmer was really interesting. I have a medical background so I'm always glad to have this type of subject matter. Book seemed to be a bit choppy at first, but I felt riveted soon enough.

Michael Palmer has a unique ability to write three stories, and as the book moves along, all three stories come together into one. Matt and Nikki and Ellen are great characters, well-developed, and it's fun to experience the relationships developing through the book. Scary, great read! Originally posted on Fatal.
