The Ottoman Empire Classical Age

The Classical Age of the Ottoman Empire concerns the history of the Ottoman Empire from the Conquest of Constantinople in 1453 until the second half of the sixteenth century, roughly the end of the reign of Suleiman the Magnificent. During this period a system of patrimonial rule based on the absolute authority of the sultan reached its apex, and the empire developed the institutional foundations which it would maintain, in modified form, for several centuries. The territory of the Ottoman Empir
